Railnagar, Rajkot, India.

PROFILE SUMMARY

Frontend Web Developer with a strong enthusiasm for learning dynamic web technologies and a commitment to contributing my skills to the real-time industry. Adept at creating interactive, user-friendly web applications, and continuously striving to enhance my technical expertise and industry knowledge.

EDUCATION

2021 - 2025

GTU

- Bachelor of Engineering in Computer Science.

2021

THE SCHOOL OF SCIENCE

- 12th standard

WORK EXPERIENCE

SKAD Solution

SEP. 2022 - OCT. 2022

Technical Work

- I worked as a technical specialist in a computer shop (SKAD Solution), where I was responsible for checking that all the computer and laptops were in proper working order.

Grafizen International

MAY 2023 - JULY 2023

Trainee Frontend Web developer

- During my internship at Grafizen International as a Trainee Web Developer, I gained hands-on experience with HTML, CSS, Bootstrap, and Tailwind. I successfully created multiple landing pages, enhancing my skills in responsive design and front-end development.
